Veterinarian service can be expensive. An initial office visit with fecal exam, worming medicine and puppy shot can easily run \$100 or more. First year puppy medical costs are higher than any other year. Plus there could be emergency costs. Do you understand the potential costs and have the ability to cover these expenses? Y or N

Who is your veterinarian? _____ Phone #: _____

If your pup has not already been spayed or neutered you do agree to have this done. _____ Initial acceptance.

We recommend that you purchase a bag of food at TPSA that the pup has already adjusted to. If you want to switch foods, we suggest mixing some of the original food with your "new" food to transition. What food do you plan to use?

All pups need exercise, otherwise they can exhibit bad or unwanted behavior. What are your plans to provide exercise for the pup? _____

Your pup may require additional shots. However, puppy shots aren't a 100% guarantee that your pup can't contract a disease. It is wise to keep your pup away from unknown dogs, dog parks, etc. until all shots and/or 17 weeks of age.

_____ Initial.
